PROFESSIONAL SUMMARY

Results-driven Cloud Engineer with hands-on experience in AWS, GCP, VMware ESXi virtualization, Linux administration, and datacenter operations. Skilled in cloud infrastructure management, cloud security, monitoring, incident management, troubleshooting, and resource optimization. Proven ability to maintain highly available environments, support disaster recovery and backup management, and deliver scalable cloud solutions. Certified in Oracle Cloud Infrastructure, Google Cybersecurity, and Fortinet Cybersecurity.

PROFESSIONAL EXPERIENCE

Cloud Engineer

Purvaco Technology Pvt. Ltd., Ghaziabad, India · September 2025 – Present

- Manage and maintain cloud infrastructure across AWS and GCP, ensuring production workload stability with 99.9% uptime SLA.
- Perform Linux administration (Ubuntu) and manage Windows Server 2016/2019/2022 environments for business-critical applications.
- Administer VMware ESXi virtualization platform — virtual machine provisioning, hypervisor management, and capacity planning.
- Configure networking services including DNS, DHCP, VPN, and TCP/IP; enforce firewall policies for secure, reliable connectivity.
- Implement cloud security best practices: access controls, infrastructure hardening, and compliance standards across all cloud environments.
- Conduct proactive monitoring, incident management, troubleshooting, patch management, and performance optimization to minimize downtime.
- Manage server administration via Plesk and related tools, supporting multiple production and client-facing web applications.
- Drive cost optimization by continuously monitoring resource utilization and rightsizing cloud workloads to reduce unnecessary spend.
- Support datacenter operations: RAID configuration, hardware maintenance, rack installation, and network cabling.
- Execute disaster recovery planning and backup management procedures to safeguard critical infrastructure and business continuity.
- Collaborate with development teams to support cloud-hosted applications and streamline CI/CD deployment pipelines.
- Reduced deployment time by approximately 20% through infrastructure automation and standardized provisioning workflows.

TECHNICAL SKILLS

Cloud Platforms: AWS (EC2, S3, VPC, IAM, RDS), Google Cloud Platform (GCP), AlloyDB, Private Cloud Infrastructure

Virtualization: VMware ESXi, Virtual Machine Provisioning, Hypervisor Management, Virtualization

Operating Systems: Ubuntu Linux, Linux Administration, Server Administration, Windows Server 2016/2019/2022

Infrastructure & DC: Infrastructure Management, Datacenter Operations, Server Deployment, RAID Configuration, Hardware Maintenance, Rack Installation

Networking: DNS, DHCP, VPN, TCP/IP, Firewall Configuration, Networking, Network Troubleshooting

Cloud Operations: Cloud Operations, Cloud Security, Monitoring, Incident Management, Troubleshooting, Resource Optimization, Cost Optimization, Backup Management, Disaster Recovery, Plesk

Programming & Scripting: Python, Java, SQL, C

Core Technologies: Cloud Computing, DevOps Fundamentals, AI/ML Applications, Cybersecurity Frameworks

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Architect Associate
- Fortinet Certified Associate in Cybersecurity (Credential ID: 5144971646AS)
- Google Cybersecurity Certificate
- AlloyDB Resource Management – Google Cloud
- Open Source LLM Chatbot Development

PROJECTS & ACHIEVEMENTS

Women Safety Analytics | Python, Machine Learning, Pandas, Scikit-learn

- Engineered an AI-powered analytics solution for threat detection and public safety monitoring using anomaly detection and gender-based classification models.
- Awarded at Smart India Hackathon (SIH) and Hackwith Uttarakhand for innovative AI solution design and implementation.
- Collaborated with Madadgar Foundation to deliver 5+ working social-impact prototypes applying technology to real-world safety challenges

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Nitra Technical Campus, Ghaziabad, UP · 2022 – 2026

LANGUAGES

English (Professional Working Proficiency) · Hindi (Native)
